Two of the bedrooms (both with built-ins) are located upstairs while the downstairs section of the house could be simply converted into a fantastic self-contained apartment (STCA) ideal for a long-term rental, Airbnb or a studio. This lower area has a separate side access and comprises a lovely second living/dining room, combined laundry and kitchenette and a large third bedroom with adjoining shower room with toilet.

There is the convenience of secure parking in the single garage (remote access) and an abundance of storage both within and underneath the house. To the back is an impressive, fully landscaped garden that includes fruit trees, herb garden, a grassed area and a beautiful Liquid Amber tree. There is plenty of space on this substantial block for children to safely explore and two garden sheds complete the outdoor picture.

The house is connected to mains gas and has an instantaneous gas water heater. Additionally, the electric storage water heater is still able to be re-connected if desired. A security system operates throughout the house, including the free standing garage.
