A stunning example of a craftsman renovated 1880 Victorian character home with all modern conveniences which showcases some beautiful river, mountain and city views.

Positioned to catch the sun and situated on 1,077 sq m of landscaped and established gardens with outdoor deck area, courtyard and garden shed, there is absolutely nothing to do here except move in and enjoy.

Three beautiful working feature fireplaces, picture rails, a selection of timber floors including Baltic Pine and Spotted Gum, the most elaborate cornicing and centre roses that I've seen and a verandah with beautiful fret work, are just some of the many character features that are on show here.

The freshly painted interior is both bright and inviting. There is a 7kW heatpump in the central hallway. A central heating system with 23kwh stove / boiler supplies hot water domestically and also supplies 12 hydronic radiators which are located throughout the house with a 6kwh electric back up, makes for comfortable living. While 3kwh solar panels supply electricity and solar evacuated tubes which supply hot water free for 6 months of the year.
