Ultimate Lifestyle Choice

From the exceptional craftsmanship to the serene bush outlook, this truly distinctive townhouse is a unique offering in the current real estate market. Overlooking pristine Eucalypt forest at the end of Griffiths Lane, it is hard to believe that this tranquil location is within a stone's throw of the thriving Legana shopping precinct.

Built in 2021 the home is set over two levels, with a carefully considered floorplan that includes a bathroom and bedroom/s on each.

Premium quality fixtures and fittings are found throughout, along with a mix of materials including brick, recycled timber, steel and concrete - cleverly combining contemporary elegance with low maintenance living. The superior level of structural integrity here is nothing short of impressive.

The striking minimalist kitchen is the heart of the home, seamlessly linking the comfortable open plan living and dining zones. An absolute highlight is the spacious undercover balcony with a built-in barbeque and plumbing. This peaceful corner is perfect for entertaining friends year-round, or simply enjoying a morning coffee while listening to native birdsong. The landscape from here is tangibly calming, overlooking a section of threatened native Eucalypts that cannot be cleared (West Tamar Council 2025).
